BACKGROUND

I've been behind a camera since I was 10 and in the film industry for nearly 30 years. I shot yearbook/newspaper sports photos from 5th grade through college and graduated Cum Laude with a BA in Photography. As a Union member, I've worked at every major studio in LA and many of the smaller ones as well. While working my way up the 600 ladder, I continued with my photography, shooting head shots, stock photos, travel photos, selling my images in galleries in the US and abroad. To your set I bring life-long experience as a photographer, 20+ years of Union camera experience, plus Ingenuity, Creativity, Resourcefulness, and Grit.
