

Introduction

Thank you for the opportunity to introduce myself, my organisation and services offered. I am a seasoned professional in the stunt and film industry. I am also the founder of Xtreme Force USA, through which I am contracting to clients

I would be delighted to have the opportunity to discuss your needs and see how we can work together to make your production spectacular. I work with all size budgets but most importantly and above all, I make sure that all stunts are performed in the safest manner possible for all involved. Every production is unique with different needs. Let's see how I can make your production great.

Trailer "*6 wheels from hell*" Thriller/horror:

This film was shot in 2020, is currently in post production and to be released later 2021. I play the Main character as well as coordinate the stunt and perform some of the stunts. I include the trailer and other video as this is a horror/thriller that will hopefully be of interest and value to prove what I can offer.
