WHO ARE WE

Gloria and I started our first business AMV Graphic over twenty years ago creating business cards and designing fliers for advertising and events.

Our business model began to change when our children began participation in summer sports. Our inspiration to produce video came about while watching our youngest daughter play basketball.

With internships from professional videographers and photographers and classes taken at Lone Star College, it has given me the skills and ability to produce excellent work in my field.

Over the year's helping individuals tell their story has been exciting and rewarding. Knowing that we help create those memories that will last a lifetime.

We can truly say we have been blessed by Jesus Christ and we thank him for his acts of Kindness. We are holding onto the promise, bless shall thy be in the city, bless shall thy be in the field, bless shall be the fruit of thy body, and the fruit of thy ground; Bless shalt thou be when thou comest in and bless shalt thou be when thou goest out .
