WORK EXPERIENCE

Freelance

March 2015- Present

I am an experienced makeup artist and hair stylist specializing in makeup, SFX makeup, hair styling and bridal makeup & hair styling. With a background in freelance work, I have had the privilege of working with renowned fashion designers such as Christian Siriano and Jason Wu, creating stunning looks for their fashion shows. Additionally, I have lent my talents to various small short films, bringing characters to life through makeup and hair. In Houston and the surrounding areas, I have had the pleasure of providing makeup and hair services to locals, helping them look their best for special occasions and events. My passion for my craft and dedication to delivering exceptional results drive me to create unique and personalized looks for each client I work with
