Work Experience

University of Texas at Austin

Austin, Texas

Senior Videographer

February 2023 – December 2023

- Created compelling and visually stunning videos by meticulously assembling footage, animations, and graphics while adhering to brand standard
- Collaborated with the marketing team to generate innovative ideas for product videos, incorporating captivating graphics and images that effectively engaged and educated viewers
- Stayed up-to-date on DEI-related news and events happening across campus, proactively pitching ideas for video storytelling projects that highlighted diverse perspectives and fostered inclusion within the community.

Teaching Assistant

August 2019 – December 2022

- Assisted with office hours and preparation of instructional material for professors which include lectures, student meetings, visiting speakers, field trips, and grading.
- Prepared and conducted my own lecture for professors and managed students in their absences.
- Successfully managed student meetings, visiting speakers, field trips, and grading with little to no supervision.

Verizon

Austin, Texas

Videographer

January 2023 – Present

- Produced high-quality video content highlighting the success stories of small business owners and students participating in Verizon's Small Business Program and Verizon Innovative Learning initiative
- Collaborated with a cross-functional team to plan and execute video shoots, ensuring all interviews with small business owners, students, and program participants accurately portrayed their experiences and effectively communicated the impact of Verizon's programs.
- Conceptualized and executed creative video strategies to effectively communicate Verizon's mission and objectives to both internal and external stakeholders.

Freelancer

Austin, Texas

Cinematographer

August 2018 – Present

- Managed and coordinated a team of 20+ individuals to execute the client's vision, ensuring all tasks were completed on time and within budget constraints.
- Utilized creative cinematography to produce a 8-minute short film, which was screened at over 10 film festivals.
- Utilized advanced 360-degree technology to capture footage of a dune restoration project, contributing to the project winning the highly esteemed President's Award at the University of Texas.
