

A professional studio environment with a dark, sound-treated interior. The ceiling is equipped with several bright, recessed lights. In the center, a robotic arm is mounted on a stand. To the left, a computer workstation with multiple monitors is visible. In the foreground, there is a large, dark, perforated mat. The overall atmosphere is technical and professional.

The Space to Be You

The Budio is a space where creatives and producers are empowered to do their best work.

Whether you're shooting commercials, product videos, interviews, music videos, or photography, The Budio gives you the space, tools, and support to make it happen.

With a versatile black box studio, motion-control robot, natural light photo space, on-site prop house, and nearby film-friendly backlot locations, we provide an environment in which your creativity can take the lead.

From first load-in to final shot, everything here is built to make your process smooth, inspired, and stress-free.

A Black Box for Big Ideas

Our main studio is a 3,500 sq. ft. flexible and production-ready black box.

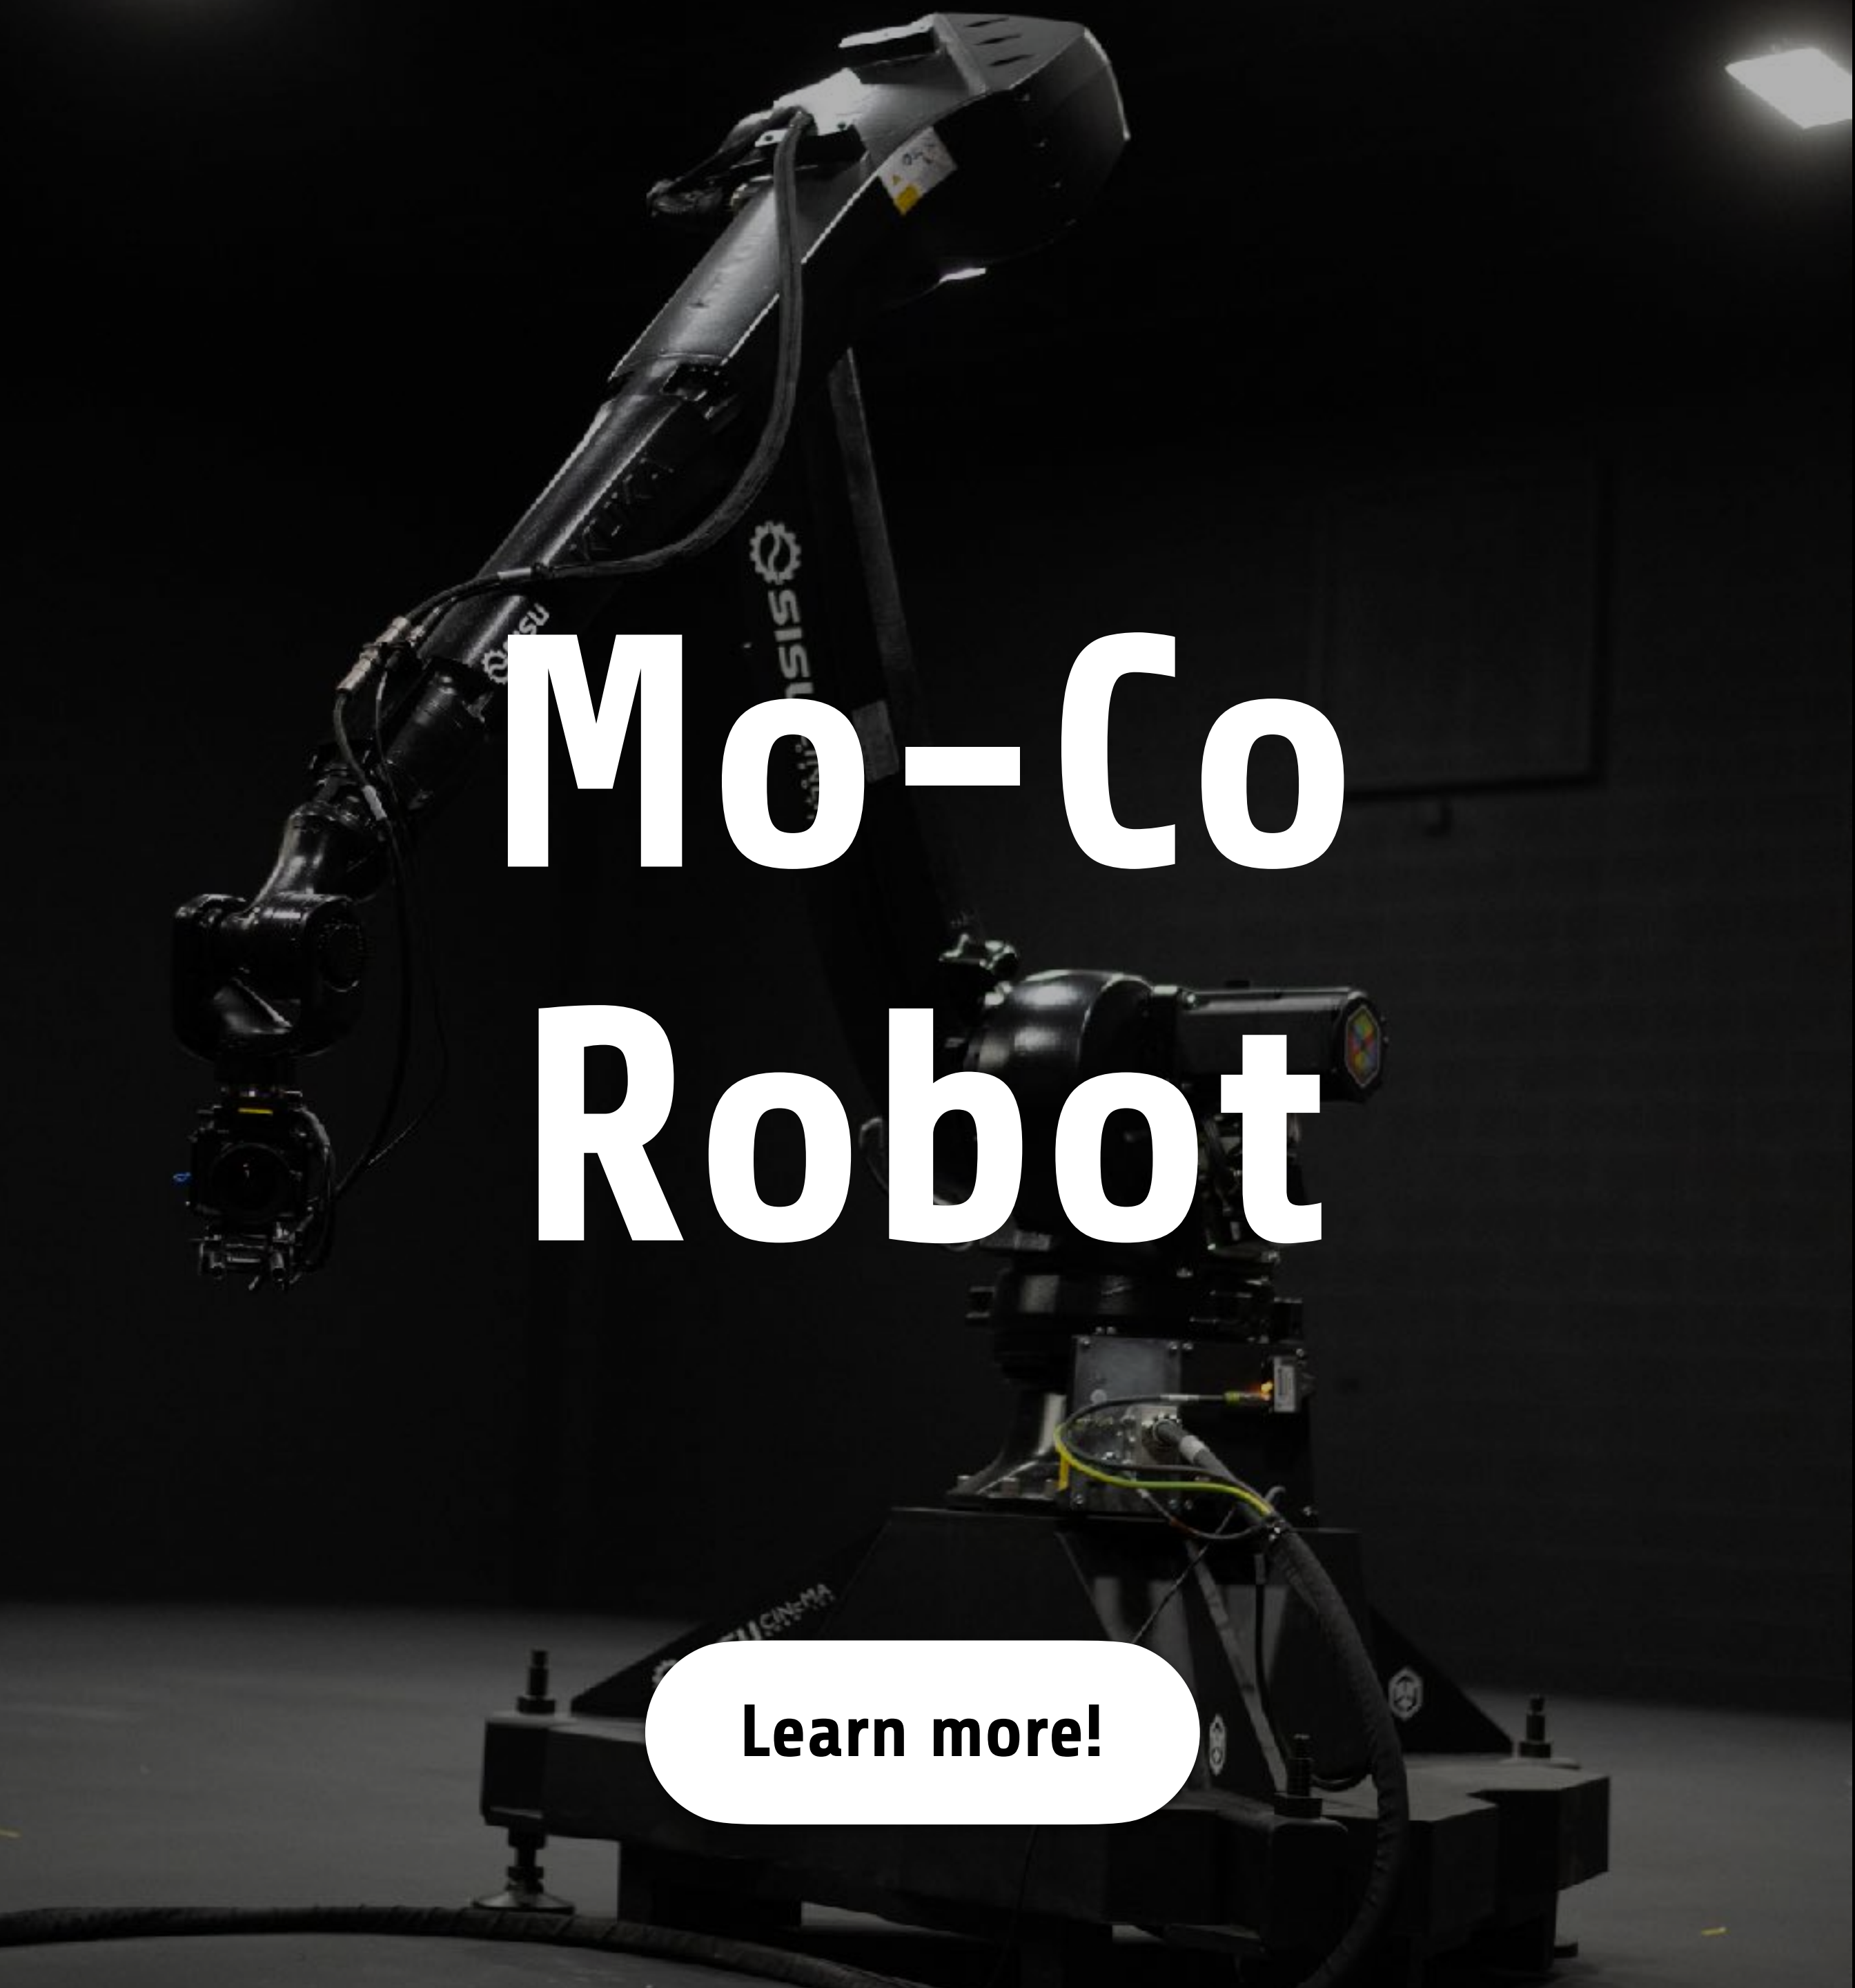

Whether you're building sets, filming stylized product spots, or capturing performance, our space supports your technical requirements, and adapts to your creative needs with ease.

- 3,500 sq. ft. black box stage
- 18 ft. height floor to rafters
- Bay door access for easy load-ins
- 110V & 240V power
- Scissor lift & forklift
- Quiet AC
- WiFi

Main Studio

A professional film studio set. The scene is dimly lit, with several large black softboxes on stands providing light. In the center, a person in a red dress is being prepared for a scene, with another person standing nearby. To the right, a rack of white clothing is visible. In the foreground, there's a table with various items, possibly jewelry or props, and a monitor displaying a video feed. The overall atmosphere is that of a busy, high-end production environment.

Motion to Your Vision

Our motion-control robot brings a new level of polish and possibility to your production.

Operated by our experienced team, the robot is perfect for commercials, tabletop, branded content, social campaigns, and more!

- SISU C31 motion-control robot
- Includes operator and assistant
- Repeatable, programmable moves
- Native integration with post and VFX workflows
- Communicates directly with Unreal Engine
- Chroma key and volume wall compatible

Pro Tools for Pro Work

Need lighting, grip, or support gear? We've got a growing inventory of essentials available on-site to keep your production nimble and efficient - what you need, when you need it.

- Grip & lighting: C-stands, combo stands, sandbags, flags, apple boxes, and a variety of lighting packages
- Backdrops: Seamless rolls and green screen
- Motion: Sliders, tripods, dollies
- Monitors
- Ports for VTR & external power
- Scissor lift, ladders, carts
- Need something specific? We'll help you source it

Real-World Settings, Minutes Away

Need to step outside the studio? We've curated a network of film-friendly backlot locations around Buda and Austin. From small-town charm to urban, commercial, and natural environments, you can mix controlled studio shots with authentic exteriors — without losing production momentum.

- Residential, municipal, commercial, & scenic
- Film-friendly with flexible access
- Great for lifestyle, walk-and-talks, and cutaways
- Support from The Budio for scouting and logistics
- Combine with studio shoots efficiently

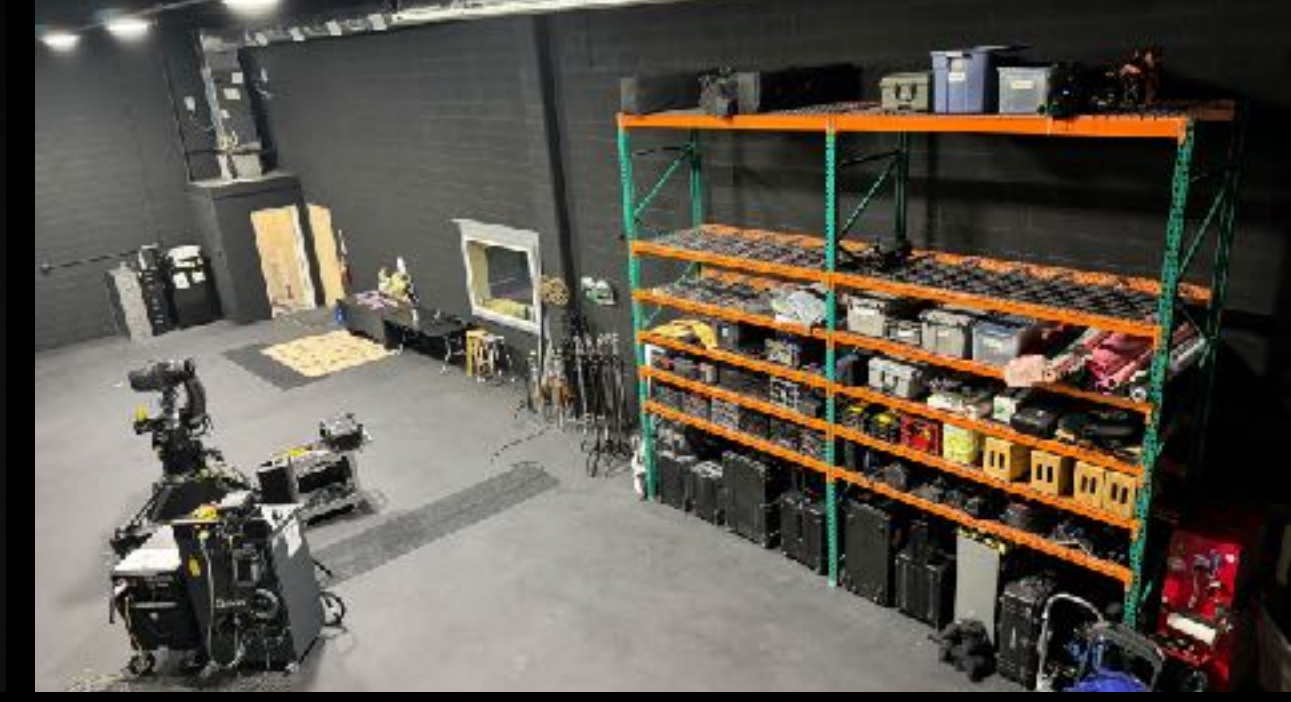

Amenities That Make Production Easier

The Budio is designed to keep your crew comfortable and your production running smoothly. From load-in to wrap, every detail has been considered to support both creative flow and logistical ease.

- Parking for 20+ vehicles
- Production lounge with kitchenette
- Makeup & wardrobe room
- 4 Restrooms, 1 with shower
- Bay door access for easy load-in
- Quiet AC and WiFi
- On-site support from a team that gets production

BU

Clients that Choose The Budio

"My go-to studio! The studio is well-equipped, providing a fantastic environment for both my work and my clients. I highly recommend this studio for all your creative projects."

- Sanjay N Patel, Photographer

"The staff and crew are total pros and have the tools and knowledge to help produce any content. A real creative experience."

- Todd McMullen, DP & Director

"I love this place. You will get top service here and access to amazing tools and studio. First class experts and good people!"

- Mario Mattei, Creative Producer & Cinematographer
